DETAILED ACTION

The amendment filed on February 12, 2002 has been entered. Claims 13-41 are pending.

Upon reconsideration by the new Examiner, the previous restriction requirement is withdrawn and new reasons and groupings are provided below. Applicants are requested to make an election to one of the three groups listed below.

Election/Restrictions

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 13, 19, 21, 24, 27, and 38, drawn to a composite having two layers, the first layer Aa, formed of a solid III and a polymer IV, the second layer requiring a polymeric binder.

Group II, claim(s) 14, 20, 22, 24, 25, 28, and 39, drawn to a composite having two layers, the first layer Ab, formed of a solid III and a polymer IX; the second layer not requiring a polymeric binder.

Group III, claim(s) 15, 16, 17, 18, 23, 26, 29, 30, 31-37, and 40-41, drawn to a composite having at least three types of layers A, B, and C.

The inventions listed as Groups I-III do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: they each require different polymeric layers, which are considered to be the special technical features of the inventions.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
